PROGRAM ASSESSMENTS

Tired of feeling like your travel and expense program is draining your company's resources?

Trust Lyndon Group, the industry leader in cost-saving solutions. Our expert team is dedicated to creating customized solutions that maximize savings, minimize risk, and streamline operations, all while tailoring to your unique business needs. Don't settle for inefficiency – discover the value of partnering with the experts at Lyndon Group today.

ABOUT US

Lyndon Group stands out as the only industry expert with advanced expertise in both SAP Concur and AppZen. As a firm, our mission is simple – to provide clients with cost-effective, tailored solutions that boost their bottom line. Our expert team is dedicated to creating personalized strategies that give your business a competitive edge.

VALUE TO YOU

With Lyndon Group, your staff can concentrate on their daily responsibilities while enjoying the reassurance that critical system configurations/processes are being evaluated by top industry experts. Benefit from our commitment to ensuring your company utilizes the best-in-class configurations for both AppZen and SAP Concur, giving you peace of mind and a solid return on your investment.

By leveraging our proven methodologies and deep knowledge of both systems, we efficiently bridge any gaps, saving you valuable time and resources.

AREAS OF FOCUS

Best in Class Configuration

- Configuration Review for AppZen, Concur Travel, Concur Expense, and Concur Invoice solutions
- Best Practice Recommendations
- End-User Experience Evaluation
- Compliance & Controls Optimization

Analysis and Review of End-to-End Business Processes

- Observations and recommendations to achieve the project objectives
- Recommendations for improved processes, to optimize back-office efficiencies and minimize administrative maintenance

Ensure the Full Value of your Solutions Are Realized

- Streamline integrations and reduce manual data entry
